

MARKET BUCKS

Market Bucks are engraved wooden tokens (designed just for Errington Farmers Market) that come in \$5 and \$10 dollar denominations. *All vendors* are eligible to participate in this program. The Market Bucks are only for use at Errington Farmers Market.

HOW THEY ARE USED

- When customers want to use their debit or credit card for a purchase and the vendor is not equipped with a 'card or square reader', the customer can purchase Market Bucks from the Manager's table to use like cash.
- If the purchase is less than the value of the Market Buck(s), the vendor will give change in cash.
- Some vendors may keep these 'Bucks' rather than reimburse them (see below) and spend them at another vendor's stall.
- Some people (vendors and customers) purchase Market Bucks to give as gifts.
- Vendors are *not permitted* to use Market Bucks as currency to pay for any market fees.

REIMBURSEMENT FOR MARKET BUCKS

- Vendors will complete a reimbursement slip for the amount of Market Bucks received, and redeem them at the manager's table from 12:00 - 1:00 on market day.
- Market Bucks are *not* required to be redeemed each week, however vendors should avoid 'stock piling' for long periods of time.
- Reimbursements will be made in the following ways; up to \$20 paid in cash; more than \$20 paid by e-transfer or cheque.
